

Dallas, TX, January 12, 2007 -Virtual Surveillance, market leader in digital video surveillance and management systems, today announced that Plano Police Department has chosen Virtual Surveillance's Enterprise Video Management System (EVMS) for the SkyWatch initiatives.

The Surveillance system will be installed on Plano Police Department SkyWatch units to enable remote access to live and archive video using the Verizon EVDO broadband network. These sky towers are set up in shopping areas to deter auto theft and enhance parking lot security.

Virtual Surveillance is an international provider of state-of-the-art intelligent video surveillance systems. Virtual Surveillance is a market leader in digital video surveillance systems used for surveillance and protection of multi-site operations. As a direct importer of digital surveillance and security products, Virtual Surveillance provides extremely competitive pricing while maintaining rigorous product quality and reliability standards.
